

## TECHNICAL DATA SHEET: WAXILIT 22-2411

---

### Range of application:

Lubricant spray

### Properties:

Aerosole: Active ingredients with propane/butane as propellant

### Physical and chemical properties:

<b>Form:</b>	aerosol	
<b>Appearance:</b>	light yellow	
<b>Smell:</b>	characteristic	
<b>Density at 20° C:</b>	0,73 g/ml	DIN 51757
<b>Active substances:</b>	5,45	
<b>Flashpoint:</b>	> -97 °C	Literaturwert

### Stockage:

Storage temperature: between 10° C and 30° C

Maximum storage: approx. 36 months

### Processing:

Protect from heat and cold. Allow products to reach room temperature before use. Shake well.

Bremen, 05.01.2024
